WORCESTER COUNTY JUDGES PORTRAIT PROJECT -- CURRENT STATUS REPORT

The Portrait Gallery, on the Second Floor of the Court House in Snow Hill, now contains 21 portraits of Resident Circuit Court Judges from Worcester County and Chief Judges of the Circuit. Portraits begin with Chief Justice John Done, who first served beginning in 1791, and continue through the portrait of Chief Judge E. McMaster Duer, who retired in 1975.

It will be remembered that the portrait of 10 such Judges had been previously hung, but unmarked, in the Circuit Court Library. A photographic portrait of Judge Duer was obtained from Mr. Claude Wiles, the photographer who furnished a similiar portrait to the Somerset County Court House, in Princess Anne. James P. Bailey, Esq., of Salisbury, very kindly furnished a photograph of his Father, The Honorable Levin Claude Bailey. Portraits of Chief Judges James A. Stewart, W. Laird Henry, and W. Laird Henry, Jr. were found in the Dorchester County Court House, in Cambridge, and were restored and copied by Mr. Brightwell, a photographer in Cambridge. An oil portrait of Chief Judge Benjamin A. Johnson was found in the Wicomico County Court House, in Salisbury, and was copied by Mr. Robert W. McGee, of Lens-Art Studios, in Salisbury. Mr. McGee has gained national recognition, and was retained by the Circuit Court for Worcester County as the photographer for this project.

The remainder of the search is really a story of "It pays to advertise". Mrs. Robert P. White, of Worcester County, who is a

descendant of the Spence Family, put Judge Prettyman in contact with Mrs. William Welch, of the District of Columbia, who owns an oil portrait of Judge Ara Spence. Mr. McGee made an appointment with Mrs. Welch on one of the regular days that he travels to Washington for a National Committee Meeting, and made a copy of this portrait. Mrs. Welch was very gracious in accepting Mr. McGee into her home for this purpose, and in making this beautiful portrait available for the collection. Mrs. J. Howard Adkins, a genealogist, in Salisbury, advised Judge Prettyman that she knew the location of a portrait of Chief Judge William Polk, and offered to contact the owner who lives in Illinois. Mrs. T. Poultney Gorter, of Lake Forest, Illinois, was most kind and enthusiastic in her offer to furnish a copy of this outstanding portrait, done by Charles Wilson Peale (1741-1827), the noted portrait artist. Mrs. Gorter very generously offered to have an associate of her Son, a photographer in the Chicago area, to copy the portrait, at no expense to this Court. Unfortunately, Judge Prettyman does not know the name of the photographer. Judge Lloyd L. Simpkins, the Resident Circuit Court Judge for Somerset County, knew of this project, and quite by accident, during renovations of the Somerset County Circuit Court Room, an unmarked portrait was removed, whereupon the full biographical sketch of the subject of the portrait was discovered. It was Chief Judge John Done. Mr. McGee traveled to Princess Anne, and made a copy of this oil portrait. One of the most interesting searches involved the portrait of Chief Judge William Bond Martin. W. Bond Truitt and DeWitt Fooks Truitt, Esq., of Snow Hill, are descendants of the Martin Family, on their Maternal side.

LIBER0029 FOLIO 226

W. Bond Truitt got in touch with Mr. William A. Seymour, of Baltimore, whom he knew was likewise a descendant of the Martin Family on his Maternal side. Mr. Seymour, most kindly, became enthusiastic about the project, and communicated with Judge Prettyman that all of the portraits in his family's home in Trappe, Maryland were sold in September of 1964. Judge Prettyman found that his good friend, Ira C. Nelson, an auctioneer in Trappe, had been the auctioneer, and Mr. Nelson volunteered, immediately, to search his records for any purchasers of portraits or "picture frames" at that sale. He identified a purchaser, Mr. William Moore, of Cambridge, whose widow, the former Louise Evans of Worcester County, searched her attic for any portraits that her husband may have removed from their frames, and carried one to Mr. Nelson's gallery in Trappe. Judge and Mrs. Prettyman carried that portrait to Mr. Laird Wise, a noted photographer in Easton, who made a copy, which Judge Prettyman forwarded to Mr. Seymour for identification. It developed that this was not recognized as a portrait of Judge Martin. Incidentally, Mr. Seymour had never realized that William Bond Martin had ever been a Judge. He remembered only that he had been a farmer. While this investigation was progressing, Mr. Seymour, purely by accident, was going through a drawer, and found a miniature portrait, enclosed in a gold locket-type frame, and in an enclosed case, which he opened. It was clearly engraved on the back of the frame that this was Judge William Bond Martin, and it gave the dates of his birth and death. Mr. Seymour most generously forwarded that miniature to Judge Prettyman, who turned it over to Mr. McGee, and an enlarged copy of that oil portrait was made by Mr. McGee.

LIBERO029 FOLIO227

In Volume Two of Kilty's *Laws of Maryland*, 1799 Edition, one will find Chapter *XLIII*, which was an Act of the General Assembly to reorganize the Judiciary in Maryland, beginning with the Year 1799. From that date forward, then, the Worcester County Gallery is missing only three portraits. One of those is of Chief Judge William Whittington (1799-1802), who was the Father of the Wife of Governor and United States Senator John Walter Smith. Members of that family are attempting to assist Judge Prettyman in locating a portrait of Chief Judge Whittington. The portrait of William Tingle, an Associate Judge, who was a Resident Judge of Worcester County from 1827 to 1851, is also missing. Judge Tingle was the son-in-law of Judge Whittington. A number of persons in the Tingle family have tried to assist in this search. It now appears, however, that the most likely source would be a member of the Dickerson family, of Worcester County, who are descendants of the Tingle family. A portrait of Chief Judge Thomas A. Spence (1855-1867) has not yet been identified. A portrait of a Spence is known to exist in Worcester County, but identification remains to be made as to whether it is a portrait of United States Senator John Selby Spence, or Judge Spence. Judge Spence was active in the Nassawango Iron Furnace project, and reputedly spent his wife's wealth in that failing enterprise. Research continues on several fronts to locate a portrait of Judge Spence, or to identify correctly the Spence portrait known to exist. Of these three remaining portraits, Judge Prettyman would be happy to receive any likeness, whether printed or otherwise, because a copy can successfully be made for the Gallery.

LIBER0029 FOLIO 228

Matting, framing, and printing for identification of the Portraits has been furnished by Marge Engel, a long time resident of Worcester County and Artist, now living in Ocean Pines, where she maintains the Studio in the Pines.

Judge Prettyman wishes to express his sincere appreciation to all those persons who have expressed an interest in the project, and, particularly, to those donors who have been so generous in their cooperation.

JURY SELECTION PLAN  
FOR THE CIRCUIT COURT FOR WORCESTER COUNTY  
TO BE EFFECTIVE JANUARY 1, 2001

1. RANDOM SELECTION

The term "select at random," as used in this plan, indicates that the following steps will be taken to ensure that names of prospective jurors will be selected at random from a fair cross-section of the citizens of Maryland resident in Worcester County:

a. A determination will be made of the number of available names in the source from which the needed names will be selected.

b. The number of names needed for the particular purpose will be ascertained.

c. When the random selection involves only the simple withdrawal from a wheel or other device, of ballots, marbles or other numbered objects, the same will be thoroughly mixed and the ballots, marbles or other objects drawn blindly one at a time.

d. When the random selection involves the drawing of names manually from lists or cards, or by a data processing system from a tape or deck of punched cards, the ratio of available names in the source to needed names will be determined and the pattern or interval for selection of names thereby established. EXAMPLE: If there are 1,000 available names in the source and 100 names are needed, the ratio will be one to ten, and every tenth name will be drawn, either manually or by a data processing system.

e. The first name to be drawn, whether manually or by a data processing system, will be determined as follows: For each number in the selection interval (such as one to ten in the above example), a numbered ballot, marble, or other object will be placed in a wheel or other container from which the Jury Judge, publicly in open court, will select one at random which will be the "Starting Number." Referring again to the above example, if the Jury Judge should draw number five, the fifth name on the list of those available will be the first one selected, followed by every tenth name appearing thereon.

2. JURY JUDGE

The Jury Judge for Worcester County, Maryland, shall be the County Administrative Judge.

3. MANAGEMENT OF JURY SELECTION PROCESS

The jury selection process in Worcester County, Maryland, shall be managed by the Clerk of the Court, or one designated by him/her with the approval of the Jury Judge.

The Manager of the Jury Selection Process shall keep a record of all acts required to be performed by him/her under this plan, and said record shall be open to public inspection.

4. SOURCE OF JURORS

The names of individuals to serve as jurors shall be selected from those individuals 18 years old or older whose names appear on the most recent available voter registration list for Worcester County and the most recent available lists from the Maryland Motor Vehicle Administration for licensed drivers in Worcester County and holders of identification cards in Worcester County.

5. SELECTION OF NAMES FROM SOURCE OF JURORS, AND PLACEMENT OF NAMES IN MASTER JURY WHEEL

The term "Voter Registration List" as used in this plan means the names of all of the voters registered within the entire county without regard to the number of voters in, or the relative populations of, each of the geographical election districts dividing the County. For the purpose of selecting prospective jurors at random from such voters, the existing lists, books, or cards containing the names of such voters by election districts shall be placed as unit in the numerical order of such districts, and shall constitute a consolidated list of all registered voters of the county or all the registered voters of the county shall be listed alphabetically.

The term "MVA lists" as used in this plan means the computerized list of Worcester County residents eighteen (18) years old or older reflected in the files of the Maryland Motor Vehicle Administration as having a Maryland driver's license or holding an identification card. The Voter Registration List and MVA lists will be reviewed by computers and/or data processing systems and duplication (names on more than one list) omitted so that any individual name will appear only once.

The Jury Judge shall determine the number of names, not less than one thousand (1,000), that shall be taken from the source of jurors for placement in the Master Jury Wheel in order to provide sufficient prospective jurors for a period of twelve (12) months, commencing on a date designated by the Jury Judge or for a lesser period if jurors are selected from the source of jurors more frequently than once a year.

In making such determination, the Jury Judge shall take into consideration the number of such persons who probably will be excused or found disqualified. However, if it becomes evident before the expiration of the said period that an insufficient number of names remain in the Master Jury Wheel, additional names shall be taken at random from the source of jurors in such number as the Jury Judge shall direct.

On a date not more than 1 year subsequent to the date on which the Master Jury Wheel was last filled, such wheel shall be emptied and refilled for a like period, in a like manner, from the said source of jurors.

The selection of all names from the source of all jurors for placement in the Master Jury wheel when it is filled initially, when periodically refilled, and when any additional names are needed, shall be made under the direction of the Manager of the Jury Selection Process, in the presence of such members of the Bar and the public as may choose to attend, manually or by means of the operation of a data processing system, whereby names taken from the source's data processing cards or tape are printed as a list on sheets for the use of the Manager of the Jury Selection Process.

The "Master Jury Wheel" to which Section 8-202(2) of Courts and Judicial Proceedings Article refers may be an actual jury wheel or a properly programmed electronic data processing system.

If an actual jury wheel is used, names taken from the voter registration list and the MVA lists will be placed in the Master Jury Wheel in the following manner:

a. The names appearing on the list prepared by the data processing system shall be numbered beginning with the Number One (1), consecutively, commencing with the first name thereon.

b. The Manager of the Jury Selection Process shall provide a number of light colored marbles, or balls, each of the same size, and plainly marked with numbers from one (1), consecutively to the highest number on the said list of names, which said marble, or balls, shall be placed in the Master Jury Wheel.

#### 6. SELECTION OF NAMES FROM MASTER JURY WHEEL

At such time as the Jury Judge shall direct, the names of as many individuals as may be required to be considered for jury service for the period of 1 year or less shall be publicly selected at random from the Master Jury Wheel by the Manager of the Jury Selection Process.

The needed names shall be drawn at random from the Master Jury Wheel, without in any way looking into said wheel, by manually withdrawing marbles, or balls, which correspond to names on the list of prospective jurors or by use of a data processing system whereby the names will be taken from the tape. The marbles, or balls, withdrawn shall be secured safely, and preserved by the Manager of the Jury Selection Process. The marbles or balls, that were not withdrawn shall remain within the Master Jury Wheel wherein they were first deposited, which shall be safely secured, to be later used in filling vacancies that may

occur.

The Jury Judge shall determine the number of names that will be drawn from the Master Jury Wheel to provide jurors for a particular Term of Court, supplemented by a further drawing if found necessary.

An alphabetically list of the names drawn from the Master Jury Wheel shall be prepared manually by the Manager of the Jury Selection Process or through the data processing system.

7. JUROR QUALIFICATION FORM

Each individual whose name has been drawn for the Master Jury Wheel manually or by use of data processing equipment, shall be mailed a Juror Qualification Form either by manual process or by a data processing system which will imprint a name on a form, or on a mailing label, or upon a statistical record.

The form may, in addition to the information specified in Section 8-202(5)(i) of the Courts and Judicial Proceedings Article, include such other questions as the Jury Judge may prescribe from time to time.

8. DISQUALIFICATION AND/OR EXCUSING OF PROSPECTIVE JURORS

On the basis of information submitted on Juror Qualification Forms as they are returned by mail, the Jury Judge on his own initiative or on the recommendation of the Manager of the Jury Selection Process, shall

a. disqualify for jury service all persons not meeting the requirements stated in Section 8-207 of Courts and Judicial Proceedings Article,

b. excuse individuals for definite periods of time upon a showing of undue hardship, extreme inconvenience, or public necessity.

If further information is required from a prospective juror with regard to his/her qualification or the merits of his/her request to be excused, he/she will be instructed to appear for an interview with the Jury Judge or Manager of the Jury Selection Process.

When the Jury Judge finds that a person is disqualified for, or to be excused from jury service, the Manager of the Jury Selection Process shall enter the finding on the Juror's Qualification Form. If a statistical record card is used, the determination, the reasons therefor, and whether it was made only upon facts submitted by mail or upon an interview, will be noted thereon.

Failure to return Juror Qualification Forms or to appear in

response to a summons shall be handled as provided in Sections 8-206(b) and 8-401(b) of the Courts and Judicial Proceedings Article. Action under these sections shall be recorded by the Manager of the Jury Selection Process on the Juror Qualification form.

Individuals whose Juror Qualification Forms have been reviewed and who have been neither disqualified nor excused, shall be deemed available for jury service during the particular term for which they were selected.

9. PLACEMENT OF NAMES IN QUALIFIED JURY WHEEL AND SELECTION THEREFROM

The Qualified Jury Wheel to which Section 8-208(a) of the Courts and Judicial Proceedings Article refers may be an actual jury wheel or a properly programmed electronic data processing system.

At a reasonable time prior to the beginning of each Term of Court, the Manager of the Jury Selection Process shall place in the Qualified Jury Wheel the names of those unexcused, qualified jurors who are selected for service in that particular term.

Immediately prior thereto, the Manager of the Jury Selection Process shall have made a list of such qualified jurors, in the same sequence in which their names appear on the list used for placement in the Master Jury Wheel. To each name, the Manager shall assign a number, in sequence, beginning with the number one (1). The Manager shall then deposit a number of light colored marbles or balls, each the same size, and plainly marked with numbers from one (1), consecutively, to the highest number on the said list of Names, which said marbles, or balls, shall be placed in the Qualified Jury Wheel.

From the names thus placed in the Qualified Jury Wheel, there shall be selected therefrom, as hereinafter provided, the Grand Jury for the Term of Court, and the Petit Jurors to serve during that Term of Court.

10 SELECTION OF GRAND JURY

The Grand Jury for each Term of Court shall be drawn publicly by the Manager of the Jury Selection Process from the qualified jurors selected for service in that particular term.

At a reasonable time prior to the beginning of the term for which a Grand Jury is to be selected, the Manager of the Jury Selection Process shall draw the names of twenty-three (23) individuals at random from the Qualified Jury Wheel in the following manner. Without in any way looking into the Qualified Jury Wheel, the Manager shall manually withdraw marbles, or balls, one by one, which correspond to names on the list of qualified jurors. As each marble, or ball, is withdrawn from the

cabinet, it shall be handed to the Jury Judge, who shall announce the number thereon and the name of the juror as it appears corresponding to the said number on the list of qualified jurors. Alternate grand jurors may be drawn at random from the Qualified Jury Wheel in such number as the Jury Judge may determine. If any of the original twenty-three (23) individuals, after being summoned, then be found disqualified or be excused, such individuals shall be replaced from the group of alternates ultimately selected as such in the same numerical order in which such alternates were selected from the Qualified Jury Wheel.

If data processing is used, the names of the Grand Jurors, including any alternates, will be generated by use of the data processing system.

The twenty-three (23) individuals whose names were thus drawn as prospective Grand Jurors, plus the alternates, shall be notified of their selection, but shall be given an opportunity to establish any reason which they might have to then be found disqualified or excused by the Jury Judge.

After the names of the prospective grand jurors, including selection of any alternates, have been drawn, the Jury Judge shall certify their selection. The names of such jurors and alternates, together with the information required by Section 8-202(3) of the Courts and Judicial Proceedings article, shall be disclosed to the public with five days thereafter unless the Jury Judge shall otherwise order. Those finally selected as grand jurors shall be summoned. The Jury Judge shall designate a Foreperson, and an assistant Foreperson, for each Grand Jury. Each Grand Jury shall select its own Secretary and Assistant Secretary.

#### 11. SELECTION OF PETIT JURY PANELS

After the names of prospective Grand Jurors for a term have been drawn from the Qualified Jury Wheel, the Manager of the Jury Selection Process shall, forthwith, publicly draw therefrom, at random such number of names as the Jury Judge shall deem necessary to serve as petit jurors for the petit jury panels for the term. Petit Jurors shall be allocated to the representative petit jury panels at random. The individuals thus selected shall be notified of their selection, but shall be given an opportunity to establish any reason which they might have to then be disqualified or excused.

If any such individual(s) shall be disqualified or excused by the Jury Judge, such individual(s) shall be replaced in the same manner as that utilized for the initial selection.

After prospective petit jurors, including any alternates, have been drawn, the Jury Judge shall certify their selection.

The names of such petit jurors, and alternates, together

with the information required by Section 8-202(3) of the Courts and Judicial Proceedings Article, shall be disclosed to the public within five (5) days thereafter unless the Jury Judge shall otherwise order.

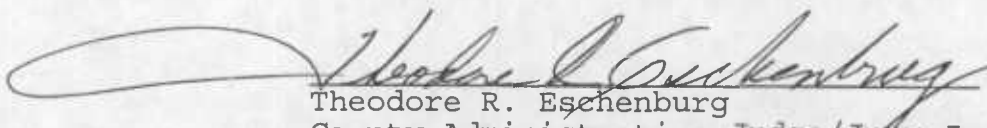

The marbles or balls, that were not withdrawn from the Qualified Jury Wheel shall remain within the Qualified Jury Wheel, wherein they were first deposited, which shall be safely secured, to be later used in filling vacancies that may occur, or in the summoning of additional jurors as the need arises. Where practicable, the selection of extra jurors for a particular case shall be selected in the same manner as that which constituted the initial selection of the petit jurors; however, requirements as to notice of selection and opportunity for objection by the prospective jurors may be waived by the Jury Judge. Nothing in this plan shall be construed to prevent the Jury Judge or the Manager of Jury Selection Process from automating and/or all steps in the jury selection process so long as jurors are selected at random from a fair cross-section of the citizens of Maryland resident in Worcester County.

12. DISCLOSURE OF INFORMATION TO STATE BOARD OF ELECTIONS

The Manager of the Jury Selection Process shall disclose annually to the State Board of Elections, effective January 1, 2000, information provided by or for a prospective juror that indicates that the prospective juror:

- (1) moved outside Worcester County
- (2) is not a citizen; or
- (3) died.
